
COVID Safety Plan

Version 1.3 – Last Updated 01/04/22

This plan sets out how the *Globe on Moore* apartment building at 16 Moore Street, Canberra ACT 2601 (the Globe) will keep people within the building safe during the transition to “COVID-19 normal”. This updated plan complies with relevant published ACT Government laws, regulations, and public health directions as at the date shown above.

Physical Distancing

- Some physical distancing signage remains around common property, however please check the ACT Government website for the latest social distancing recommendations.
- The gym has additional signage showing four (4) workout zones and instructions directing gym users to maintain physical distancing when working out.
- If/when required by updated ACT Government health directions, signage will be placed around common property advising residents to wear a mask.

Cleaning, Sanitising and Hygiene

- Touchless hand sanitising dispensers are available in the ground floor foyer, B1 / B2 lift landings and gym.
- Single-use antibacterial wipes have been provided in the gym. This includes signage providing instructions on wiping down all equipment after every use.
- The building cleaning contractor has been instructed to clean all touch surfaces daily, including but not limited to lift buttons, landing call buttons, intercom touch screen and door handles.

Compliance and Enforcement

- ACT Government *Check in CBR* App QR code posters for visitors to the Globe remain at the building entrance and gym. Checking in is currently optional and not a mandatory ACT Government requirement.
- Signage remains on the gym door and inside the gym advising all gym users that anyone breaching the Gym Conditions of Use, particularly failing to wipe down equipment after use with antiseptic wipes, will be immediately locked out of the gym. Offending resident must contact security@globeonmoore.com to explain why they didn't follow the posted signage. First-time non-compliance will result in a warning and access restored. Any further non-compliance will result in a 4-week lockout period each time. The gym CCTV will be reviewed regularly to verify compliance.

This plan will be reviewed again towards the end of 2022 or when the ACT Government next significantly changes the Territory's COVID-19 guidance.

Owners are asked to please ensure that this plan is shared with your managing agents, and tenants that are renting out your property.
